## SUMMARY

Enthusiastic and dedicated BSc CSIT student with a strong foundation in Information Technology. Seeking a React Internship to apply and enhance my skills in HTML, CSS, JavaScript, and React.js while contributing to a dynamic team.

## EDUCATION

**BSC. CSIT**

**Birat Multiple College, Biratnagar**

7th Semester (2019-2024)

## SKILLS

- Languages: HTML, CSS, JavaScript
- Frameworks: React.js
- Version Control: GitHub.
- Proficient in HTML, CSS, and JavaScript, with a solid understanding of UI/UX principles.
- Strong grasp of JavaScript concepts, including DOM manipulation and the JavaScript object model.
- Thorough understanding of React.js and its core principles.
- Experience working with version control systems, especially GitHub.

## SOFT SKILLS

- Strong analytical and logical skills.
- Effective team player with the ability to collaborate on projects.
- Excellent communication skills, both written and verbal.

## PROJECTS

**Ecommerce Website** <https://easymartak.netlify.app/>

This e-commerce website project is designed to serve as a robust, customizable platform for businesses and individuals looking to establish their online presence and sell products or services. Built with modern web technologies, it offers a feature-rich, responsive, and user-friendly shopping experience.

**Portfolio Website** [www.asmitkhanal.com.np](http://www.asmitkhanal.com.np)

- Developed a personal website showcasing various web development projects.
- Implemented responsive design using HTML, CSS, and JavaScript.
- Utilized React.js for a dynamic user interface.

**CRUD App** <https://crudapp5.netlify.app/>

- Developed a dynamic CRUD (Create, Read, Update, Delete) application using React.js to manage and manipulate data effectively.
- The application aimed to provide a seamless user experience by implementing essential CRUD functionalities.

**Tic Tac Toe** <https://tictactoe5.netlify.app/>

- Designed and implemented a classic Tic-Tac-Toe game using React.js, showcasing proficiency in front-end development and interactive user interfaces.
- The project aimed to provide a delightful gaming experience while highlighting my skills in React component architecture and state management.
